What does leadership mean to you?

When it comes to leadership, what/who are your sources of inspiration and influence?

What are the issues that are calling for leadership in the career development field?

- Lynne: Proving our worth and building the evidence-base
- Phil: Whole-school/whole-community career development
- Kris: A cohesive education and preparation framework, especially at the advanced degree level
- JP: Engaging teachers as career development leaders
- Roberta: Nurturing tomorrow's career development leaders
- Deirdre: The demand side of the labour market
- Dave: Leading via infrastructure

What issues do YOU think are calling for leadership in our field?

What is one leadership action you might take on an issue you see as a priority?
